The individuals holding "Construction Worker (Level 2)" vocational qualification certificate can have "Wooden Molder (Level 3)", "Barbender (Level 3)", "Concrete Worker (Level 3)", "Bricklayer (Level 3)" and "Plasterer (Level 3)" vocational qualification certificate as long as they succeed the assessments defined in the units within means of vertical propulsion.

### Information

16UY0253-2 / 28/01/2016 Rev. No:00

### Additional information

It is an equitable, transparent and confidential system including rules and activities regarding the development and application of technical and vocational education standards and qualifications, and accreditation, authorisation, audit, assessment, certification related to them, based on national and international occupational standards.

The levels of VQA Vocational Qualification Certificates in relation to Turkish Qualifications Framework are defined as a result of comparing the learning outcomes of the related national qualification to TQF level descriptors. TQF level descriptors, defining the minimum learning outcomes required for the qualifications levelled according to TQF, are available at <http://www.tyc.gov.tr/st>. Since TQF is referenced to European Qualifications Framework (EQF), eight TQF levels correspond to eight EQF levels. Level 2 qualifications for which this certificate herein is issued are defined as "Employee works or studies under supervision with limited autonomy."
